

IHL Strategy

- Pursue competitive research opportunities
- Forge collaborative partnerships
- Strategically invest to improve efficiency and effectiveness

Competitive research

- Research institutions are well-positioned to pursue competitive research dollars
- Researchers at all institutions are preparing grant applications

Collaborative Partnerships

- To improve competitive efforts across Mississippi
- Broadband Technology Opportunities Program funding for LambdaRail, next generation Internet
 - Foster economic development
 - Propel education into the 21st century
 - Keep Mississippi's research institutions nationally competitive

Strategic Investment

- Five-year financial model forecasting federal stimulus, state appropriations, and tuition
- System efficiencies and effectiveness in academic and business operations
- Improve graduation and retention rates
